Psychiatrists Specializing in Treatment of Anxiety Disorders and The Practice of Psychotherapy

Below, you will find a list of psychiatrists grouped by city. Each of these psychiatrists treats specific types of the general problem you selected. This list is restricted to those psychiatrists who have specifically expressed facility in the practice of psychotherapy as well.

HOW TO USE THIS LIST

FIRST

Think of the city in which you would like to find a psychiatrist. Consider nearby cities as well.

SECOND

- **If you know the specific problem or diagnosis for which you are seeking help**, look for a psychiatrist in the cities you choose, who lists that problem as one of their areas of specialty.

- **If you don't know the specific problem or diagnosis**, select any of the psychiatrists in the cities you choose.

- **If none of the psychiatrists below lists your problem as a specialty**, then choose one that lists a similar problem or choose any psychiatrist in the cities you choose. Many psychiatrists are skilled in treating problems that are not listed under their name, because each psychiatrist was asked to limit their list to 6 items and most psychiatrists are skilled in treating more than six problems.
